

Hello Pallet Pavilion Sponsors,

I just wanted to email you all to tell you that the Pallet Pavilion was awarded a SILVER award at the Design Institute's BEST AWARDS last Friday.

You can read more here: <http://bestawards.co.nz/entries/spatial/>

We were in the Spatial Category - Temporary Installations and Exhibitions. GOLD went to *Model Home 2013* by Michael Lin and Atelier Bow-Wow with Andrew Barrie.

We are honoured to have received the award and be recognised for the wonderful design work that went into its creation.

Trent (Gap Filler, Project Manager) Camia (Lead Architect) and I attended along with Mike and Geoff (and their partners) from CHEP. It was a wonderful evening to reflect on this iconic and rather wonderful project.

Thank you for your support and contribution to the project - it would not have happened without you all.

In other news, I am pleased to announce that the Pallet Pavilion is back into full-swing for the Spring/Summer season. We have a small bar Thursday - Saturday from 5pm - 10:30pm and Sunday afternoons from 1 - 8pm and a range of events such as live music, markets, outdoor cinema and more. Check palletpavilion.com for the calendar.

Why not put an event on here?

The Pavilion is a wonderful space for a work function. Come down with your staff for an after-work drink? What about your **Christmas event**? A dinner? It's a versatile space and we'd love to accommodate you. It's a great place to entertain clients, too. Please get in touch if you'd like to put on event here.

Best wishes,
Coralie
